## **THE PROJECT**

As Part of the Boston Parks and Recreation's continuing efforts to provide quality open space and recreation areas for use and enjoyment by all residents of the city, efforts are underway to make improvements to the John Harvard Mall.

## **WE NEED YOUR HELP!**

We are looking for interested community members to help us in determining how the John Harvard Mall will look and function in the future. This park renovation provides us with a unique opportunity to create a space for all. At the second meeting, potential park designs and equipment will be presented.

## **WHAT TO EXPECT**

The Parks Department is very interested in what the community has to contribute to the design process. Representatives from Weston & Sampson Inc., as well as a Parks Department official, will be on hand to give a brief presentation of the proposed plans and equipment. Following this brief presentation, community members will be able to offer input regarding the material presented, the program for the park, and determine which elements will be in the preferred/final plan.
